

ASB Document Implementation

2022 IACT Workshop

Location: Westin La Paloma Resort, Tucson, Arizona
Date: Friday, April 15th, 2022 (Half Day)
Time: 8:00 AM – 12:00 PM

Workshop Chairs: Becky Wagner and James Hutchings

Target Audience: Breath Alcohol/Toxicology personnel to include scientists, quality system personnel, and leadership.

Abstract:

This course will educate the laboratory practitioners and leaders about the current ASB Toxicology documents and how a laboratory can meet the requirements. The documents will be covered in a way that will assist a laboratory in implementing the necessary changes through method development, validation, quality system development, and reporting. The goal is to cover documents related to both Toxicology and Breath Alcohol.

Course Specifics: The course fee includes registration, all course materials, attendance certificate, and breaks. Attendees will be responsible for travel, lodging, and meal expenses.
